# **Newsletter**

Volume 16, Number 1 April 2009  
206 Sylvan Drive  
Enterprise, AL 36330  
334-763-6566 or 302-378-3013

## **2009 Schedule**

**April 4&5**  
**May 16&17**  
**June 27&28**  
**September 19&20**  
**October 24&25**

## **April Meet**

By Joe and Donna Timney

Ok, folks...We're gonna' try this again. The ECTA Newsletter is back and we promise this time. Nothing is going to get in the way of this publication in the future.....We hope.

## **Thank You Hot Rod Magazine**

David Freiberger was back to Host the Fourth Annual Hot Rod Magazine Streetcar Shoot-out. The weekend was met by 75 degree weather and great tail winds. The combination made for some pretty spectacular speeds.

Steve Benyo drove the Centimark Mustang to a speed of 233.103 mph to win the Super Street class.

Mark Weiler drove the WZBD Racing Firebird to a speed of 117.038 mph to win the Hot Rod jacket in the Street Car class

## **New 200 MPH Club Members**

Bob Self cowboy'd his GT to a speed of exactly 200.00 mph. Bet he couldn't do that again if he tried. That run gave Bob entry into

the prestigious 200 MPH Club. Congratulations Bob on a job well done!!!

James Hight rode the fastest 750cc motorcycle ever to run over 200 mph at Maxton. That 'Half a 'Busa' got Jim a green hat with a speed of 201.815 mph. Word on the street is you still haven't removed that green hat!!! Can't blame ya' for that, Jim.

## **Highlights**

### **Cars**

Roy Brooks gets the 'Oh So Close' award for his 199.177 mph record pass. Maybe next month, Roy.....More Nitrous!!!

Lawson Bilhardt also set his best pass ever at 191.897 mph with just 256 cu. In. V-6 Blackbird SC. Sounded great, Lawson!!

Elburn, IL's Rod Nestmann's HVAC Express GMC mini truck showed up with a new motor and added 15 mph to the record, setting the DP/MP at 145.095. Awesome run, Rod.

### **Bikes**

Greg Neal rode the fastest 650cc at 181.712 mph. That little scooter can really scoot!

How 'bout Mark DeLuca riding the Forstall/DeLuca/Knecum entry to the fastest normally aspirated run EVER with a speed of 227.23 mph. Steve Knecum was really proud of his motor work.

Speaking of Steve, he set the ABG/3001+/4 record at 228.847 mph. Nice job, boys!! Next time drag Larry down...it's been way too long since we have seen him!

## **Other Interesting Stuff**

### **Vintage Bike Meet**

A total of five old vintage bikes entered the

event.

First up was long time ECTA member Steve 'Booger' Smith riding his '46 Knuckle Head, running 72.519 mph.

Wheels Through Time Museum owner Dale Walksler raced the oldest motorcycle to ever run at Maxton. Dale's 1930 Harley Davidson graced us with her presence and set the A/VG-750/4 record at 90.374 mph. It was an awesome sight to see that ole' girl flirt her way down the track.

Rolling Prairie, IN's Mark Hutcheson brought his '41 ULH 80 incher. The old girl ran a best of 95.319 mph setting the P/PV-1000/4 record.

ACME Vintage Motorcycle Team owner Jon Swanson ran his '52 Harley WR to a 77.987 mph record in the M/VF-750/4 class.

Harold Seagle and Scott Olofson were back with the '37 Indian Scout and ran a 88.168 mph pass.

It was great to see and hear the vintage iron running down the Maxton Mile. Ride 'em – don't hide 'em!!!!

Ernie Vaupel brought his electric motor 'Watt-a-Saki' to race with us. With 48 volts, he set the Omega record at 53.458 mph. Ernie had such a great time this weekend he had to go home to *recharge his batteries* (no pun intended).

How 'bout the new registration trailer, huh? Tonya and Donna thought if Joe got a new tower, they deserved something new too. They absolutely love it....we hope you do too. What's Keith gonna' get??

### **2008 Awards Banquet**

Keith, Tonya, Joe and Donna would like to say thank you to all who attended the banquet at St. Andrews Presbyterian College.

We had the largest number in attendance in the history of the ECTA. Thank you to all of our racers, crew members and family members who attended. We hope you all enjoyed the food and entertainment.

Speaking of ECTA history, we would like to say thank you to Tom Sarda for coming and sharing his story as one of the founders of the ECTA. Tom, just take a look at what you started. We would not have the 'magic of Maxton' if it weren't for you and John Beckett. Thank you from the very bottom of our hearts. We are forever grateful.

### **Volunteer Stuff**

We have the best volunteers in the world.....bar none. On Friday we had approximately 25 folks show up early to help prepare the track for racing on Saturday morning. We can't thank you enough for your devotion. Oh, and by the way, there will be no charge for your dance lesson this weekend. Bill Warner picked up the tab for the *Kitty Litter Shuffle* lesson you all got this weekend. Next time you see Bill, be sure to thank him. We love you Bill!!!!

### **ECTA LADIES AUXILIARY**

The ECTA Ladies Auxiliary's sole purpose is to help our racing families in their time of need. This includes death or major injury due to a racing related incident while driving at an ECTA sanctioned event.

All monies collected will be from donations and fund raisers and will be deposited into the ECTA Ladies Auxiliary bank account after each meet. Distribution of funds will be at the discretion of the ECTA Board of Directors.

Going forward, any distribution of funds will be noted in the ECTA newsletter so you can see your donations at work. \_

## Stuff For Sale

ECTA Members Ads Run For Free

**"Speed Queen" # 105 B/FL** First run Oct '07, ECTA record holder, ran a very easy 237 mph at USFRA Bonneville Sep '08. Chromoly chassis, torsion bar suspension, rack & pinion steering, Wilwood 4wdb, 2004R, 8" Ford rear, Rod 'n Race body. Pro built, well sorted and very well maintained, never any tech problems. Everything's fresh and ready to run. With or without methanol-fueled, Hilborn-injected 422 cid small block Chevy. We will be running at the ECTA's May 15-17 event...stop by the pits or catch us in the staging lanes! For info call Ron Richardson at 585/615-5161 or email [rrichardson@frontiernet.net](mailto:rrichardson@frontiernet.net).

**1927 Ford Roadster body** w/Tonneau cover, set up for Modified Roadster. \$1200.00  
**Powerglide Transmission** w/3000 Stall Converter

**1968 Camaro Sub-frame**, PS pump, A-arms & Springs \$250

### Kestral Weather Meter Model 4000

Features include:

Altitude  
 Corrected Density Altitude  
 Barometric Pressure  
 Dewpoint  
 Wet Bulb Temperature  
 Air Temperature  
 Wind Speed

MSRP \$ 349 Sale \$249

Computer Interface Available

**Hans Head & Neck Restraints** Just the *Best Head & Neck Safety Devise on Planet Earth!*
